## From the Presidents

### Dear Friends,

IWA started with humble beginnings, with objectives of friendship and learning. This guiding philosophy is relevant even today, and, as we embark on our silver jubilee year, we have integrated these values in our theme for the year—'Forever connected. Forever learning. Forever Inspired.'

The color of the year is the natural greens as it symbolizes growth, harmony and learning. Green contains the powerful energies of nature and signifies progress with balance, appropriately fitting the ideals of IWA.

The newsletter has the commemorative postal stamp, which marks the milestone 25 years of IWA and serves as a reminder of IWA's heritage and honors the commitment and dedication of the founders and the past presidents. The tree as the central image stands for organic growth, strength and endurance. It stands for the abundant energy of the members.

The success of IWA rests on the infectious spirit and enthusiasm of all of us. We are happy to introduce the concept of **day facilitators** by which members can assist the activity chairs for a particular meeting. We hope this will enthuse members to come forward and volunteer their valuable time.

As the silver jubilee year unfolds, the board along with the activity chairs are planning 25 outstanding meetings for you to enjoy.

Stay involved. Stay engaged.

### From the Vice-Presidents

The symbolism so aptly denotes the emphasis on the Environment... **Green**... the colour of our newsletter for the Silver Jubilee year... is an off-shoot of the old English verb 'growan' which means 'to grow'. We hope to grow into an organisation that is even more Member friendly and dynamic!

Please co-operate with us by sending in any change[s] in addresses, telephone and mobile numbers, to enable the committees to carry out their collective responsibilities to the General Body to the best of their individual abilities. Please send in any personal announcements and your willingness to host meetings in any way convenient, to help update our records.

This year, we hope to bring out the IWA telephone directory with updates.

RAMANI REDDY

BHARATI NAIR GOPINATH

### From the Secretaries

A very warm welcome to the 25th year of IWA and a special welcome to our new members for a year of great camaraderie. Please write in or email the membership Secretary ([nitareddy13@gmail.com](mailto:nitareddy13@gmail.com)) regarding any change in your membership category (outstation, senior, temporary).

The success of an IWA year depends on membership participation and the secretaries will ensure that the newsletter reaches every member on time.

If you do not receive the newsletter by the 5th of each month, please contact **Priya Asokan** at 9840073691 between 9am and 5pm from Monday through Friday.

We look forward to a great year of friendship.

# Elizabeth Taylor

## Star of Hollywood

The '50s and '60s were decades of great Hollywood stars. Actresses who had that elusive quality to captivate audiences—be it with their acting—Ingrid Bergman; or with their sex appeal—Marilyn Monroe; or with their grace—Grace Kelly; or with their innocence—Audrey Hepburn. These actresses of the black and white era and Eastman color era were stuff that stars are made of.

But the 'ultimate star' was undoubtedly **Elizabeth Taylor**! Audiences did not seem to have enough of Liz Taylor and she adorned the covers of glossy magazines of the time. Just about every direction you turn in Hollywood, there's a beautiful face. So why was Elizabeth Taylor regarded at the best of them all? Was it the acting? The face? The movies? The marriages? The jewels and the glamour? It was, really, a bit of all of the above.

**Bharadwaj Rangan**, National Award-winning Film Critic and an authority on films and film making unravels the mystique of this legendary actress in an engrossing and entertaining talk with clippings from Liz Taylor's films. Come—let us be starry-eyed!

We thank **Radhika Krishnamohan** for graciously hosting the meeting and sponsoring the audio-visual equipment. We thank **Jayanthi Rajaram** for being our day facilitator.

GEETA VASUDEVAN

KIRAN RAO

Our warm congratulations to **Rani Ananth** on the birth of her grandson.

# Autism

Autism is a new disorder, a discovery of the modern age. The first documented case of autism was in 1798. Autism sets in before the age of 3 and is more prevalent in boys than in girls. Autism is a disorder of neural development characterized by impaired social interaction and communication, and by restricted and repetitive behavior. Autism is so complex that even a mother or grandparents may find it difficult to understand the child. It is important to learn to identify the symptoms of autism as early intervention in a well-run program is the key to helping autistic children reach their potential. This presentation will give an insight into autism – the symptoms and broad treatment programs being implemented in India.

Our speaker is **Sulata Ajit**. She is the Founder and Director of Sankalp, a school for children with Autism and Learning Disabilities since 1999. She has been working in the area of Special Education since 1990. She has undertaken many special projects such as house workshops for staff members, curriculum planning for the school, organizing teacher training on Autism and conducting workshops for parents and teachers on Autism. She received the title Padma Vidhyasagar from Padma Sarangapani Cultural Academy.

We thank **Cherry Venkatesan** for graciously sponsoring this meeting for us. We thank **Usha Jawahar** for being our day facilitator.

USHA MOORTHY

MALINI BALAKRISHNAN

We thank **Rani Ananth** for her pioneering efforts to maintain the IWA blog and make available the meeting details to so many, so conveniently on the net.

## Hip-hop around Breakfast

'Breakfast' literally means 'breaking the fast'. Nutritional experts refer to breakfast, as the most important meal of the day, citing studies that people who skip breakfast, are likely to have problems with regard to concentration, metabolism and weight!

Spice Market, Hyatt Regency Chennai's all-day-dining restaurant specializes in Indian comfort food, cooked in open 'live' kitchens—prepared ala minute. With spectacular views of the city and landscaped beauty, catering to the most demanding gastronome.

While every station will have a live cooking demonstration of breakfast dishes in progress, Spice Market invites IWA ladies to experience its extensive culinary repertoire for breakfast and encourages members to interact with the chefs who are the stars of these open live kitchens!

This will be followed by a discussion with Executive Chef **Thomas Angerer**, highlighting the thinking behind conceptualizing menus for live cooking.

We thank **Cibi Mammen** for being our day facilitator.

NABILA AVAIS

Our deepest condolences to the family of **Sundari Mani**, on her demise. We will miss her.

## Quilting Hopes

**Community Development** is a complex issue, especially in remote villages far removed from the conveniences associated with urban life. However there are leaders amongst us who have made it their mission to provide dignity to the poverty-stricken by supporting them in ventures. Our speaker **Jayashree Kumar** is one of them. Born and educated in Chennai, Kodaikanal has been her home since 1986. Jayashree taught for 13 years at the Kodaikanal International School, where she got involved in voluntary work. She quit work in 1999 and since then has been able to devote more of her time to such work. She has been a working trustee of the Potters Shed Trust since its inception about 20 years ago, and has been running a women's **Quilting Initiative**.

Her talk will cover the history behind quilting as well as the various techniques related to it. She will share her experiences and talk about her venture that gives self sufficiency to various single women whom she trained at appliqué quilting. The quilts made by her craftswomen will be displayed at the event. We also hope to get a chance to see her craftswomen at work.

We thank **Bess Simkin** for so graciously hosting this event at her home.

**Note:** Members must carry their original ID card and IWA Newsletter. Photocopies of valid identification are not acceptable. We request that the Madras Club parking be used. Those who need to park inside 'Riverhouse' have to warn in with their full name, driver's name, car make and number.

We thank **Rani Chandani** for being our day facilitator.

This year being the 25th year of IWA, we have planned a 12 day cruise to the Baltic cities in the 1st week of September. Our cruise line is **The Holland America Line** and the ship is **MS Rotterdam**. You may visit their website to know more about the ship and the cruise:

Throughout your cruise vacation, you may enjoy delicious and innovative menus across a broad range of dining venues. On the Holland America Line cruise you're free to dine *As You Wish*® from a casual bite poolside to a formal five-course affair in our classic main Dining Room, where you can choose traditional pre-set seating or a flexible open schedule. The cruise features extensive on-board enrichment programs and activities every day. Take a self-guided art tour, lounge by the pool, practice yoga or work out in the fitness center, or pamper yourself with a spa treatment and indulge in world-class luxury shopping. You can also choose from a variety of group activities such as cooking and computer classes, basketball, volleyball, bridge and board games to name a few. Or you can do nothing at all.
